

Doing Business with Sensor City: Focus on Automotive and Land Transport

Tuesday 10th May 2016, 1:00pm-4:30pm
**Partnership for Learning Charity – Training and Conference
Centre, Liverpool, L24 9PZ**

The team at Sensor City invite you to join them for a ½ day interactive workshop focused on exploring the capabilities and potential developments in modern sensor systems applied to the Automotive / Land Transport sector.

This workshop will provide a collective understanding of the current landscape for sensor systems in this important sector, tackle some key questions that need to be addressed to inform future opportunities and consider the barriers faced in the evolution and adoption of new sensors technologies in such a highly complex and challenging marketplace.
